Section 3: Goals

Instruments

Instruments or methods that will be used to monitor the progress of the goals and determine if the goals are met are listed here for each goal.

Math Goal	Our math goal is to increase testing scores and understanding of the subject. They are going to be given the SBACI test at the beginning of the school year to determine the math levels of each individual student and will retest in May (using the same exam) to see if those scores improved. We will also use curriculum-based assessments throughout the school year.
ELA Goal	Our ELA goal is to increase testing scores in reading. Since our students are all English Language Learners, we need to focus primarily on reading due to our low testing scores.
Other Goal	We plan to hire a part-time mental health counselor to come out to our school and work with all students twice a week.

Goals

For each goal find the following below:

- Identify what strategies/action steps will be used to support the achievement of the goals.
- Describe a realistic and achievable timeline to achieve the goals.
- Identify who is responsible to ensure the strategies/action steps are achieved. Click the box and provide the text response for each applicable box.

Math Goal	Every student will meet with their math teacher on a daily basis to go over assignment and understanding of the topic. Once topic is comprehended, student is allowed to complete assignment. Chapter and unit tests will be given to measure level of comprehension. Our classroom teacher is responsible for giving the tests and checking with the student to make sure assignments are done.
ELA Goal	Every student will meet with their ELA teacher on a daily basis to go over assignment and understanding of the topic. Personal oral reading will take place for each student throughout the day to work on correct oral reading skills and establish oral reading level. Once topic is comprehended, student is allowed to complete assignment. Chapter and unit tests will be given to measure level of comprehension. Our classroom teacher is responsible for giving the tests and checking with the student to make sure assignments are done.
Other Goal	Mental health strategies and timelines will be established by counselor.

Student Group Goals

For which of the following student groups does the district have a distinct Math Goal, ELA Goal, or Other Goal?

Student Group	Distinct Math Goal	Distinct ELA Goal	Distinct Other Goal
---------------	--------------------	-------------------	---------------------

American Indian or Alaska Native			
Black or African American			
Hispanic			
Multi-Racial			
White			
Free and Reduced Lunch			
Homeless			
Students with Disabilities			
None	Yes	Yes	Yes

Math Goal for Each Identified Student Group

Math goal is to increase test scores and comprehension amongst the students.

ELA Goal for Each Identified Student Group

ELA goal is to increase reading levels, test scores and vocabulary amongst the students.

Other Goal for Each Identified Student Group

Our goal is to hire a counselor to provide age appropriate mental health counseling and lesson plans for the students.

If the District is planning to develop or use approaches that are novel to achieve your Math, ELA, or other goal, and they are willing to share these innovations, the innovation is described here.
